Historic Sites of Miami-Dade

Look – Learn – Explore – Inspire
PRESERVE

The Villagers’ mission is to promote an appreciation of Miami’s history. To continue this mission, we have compiled a links list pertinent to historical sites of Miami-Dade county. The resources are organized for easy access to motivate interest in the rich heritage of Miami.

This links list will assist educators and families to become more knowledgeable about historic sites throughout Miami-Dade county. With a point and a click one can easily determine which sites to investigate further, plan an outing to a core site and coordinate other places to visit and see along the way. The sites are set up by geographical area and plotted on the Google Map Link at the bottom of each page.

Many people drive by these places unaware of the historical significance. After learning more about these historic treasures the stories of their existence come to life, and a better understanding of the foundations of our heritage is created.

The Villagers encourage students, teachers, parents, community members and visitors to visit the historic sites of Miami-Dade and become inspired by the past pioneers. By appreciating the past we may become stewards of these historic relics preserving them for future generations to enjoy.

Miami Springs – Medley – Hialeah – Opa-locka
